To: Potential INFINITE CONNECTION (IFC8) members –

A personal message from David Yokeum,
Founder and Chairman of the Board of WCA, Ltd,
the largest network in the forwarding industry.

I am writing to you as a potential member of INFINITE CONNECTION (IFC8), a new and exciting network operated by Serene Kam and Rachel Tjong. WCA currently owns WCA, Lognet Global, and Global Affinity Alliance. We have no plans to open any new networks, but we are constantly watching and looking at other networks to see if they might be a good fit for new forwarders and assist in further expansion of those forwarders business.

The key to a good network is that it provides members a platform to contact each other, and it provides a series of benefits that increase your potential to maximize your profits and grow your business. We have looked over INFINITE CONNECTION (IFC8), know its operators, and have full faith in them. We have agreed to assist by providing expertise, experience, and back office support. Because of this faith, we have invested in a minority interest in INFINITE CONNECTION (IFC8).

If you don't belong to a network currently, or are dissatisfied with your current network, we recommend you give INFINITE CONNECTIONS a look – they will have access to all 190 countries via WCA, Lognet Global, and Global Affinity Alliance and some financial protection will be in place. Check for details at INFINITE CONNECTION (IFC8) website -- www.ifc8.network.
